Hard skills

- Photoshop**: I draw illustrations, art, prototypes, edit photos. I know Photoshop like the back of my hand.
- Figma**: I develop interfaces for websites, mobile applications, product previews for marketplaces, and so on.
- Illustrator**: I use it when there is a need for vector graphics.
- C#**: Developing window applications for Windows in C# and .NET Framework
- HTML & CSS**: I have basic knowledge in the layout of websites.

Experience.txt

EXPERIENCE

- Freelance designer

I work at YouDo and Kwork. There I develop interfaces, logos and product previews for marketplaces. I am dedicated to bringing creativity and innovation to every project. I work on and am passionate about creating designs that are both aesthetically pleasing and functional.

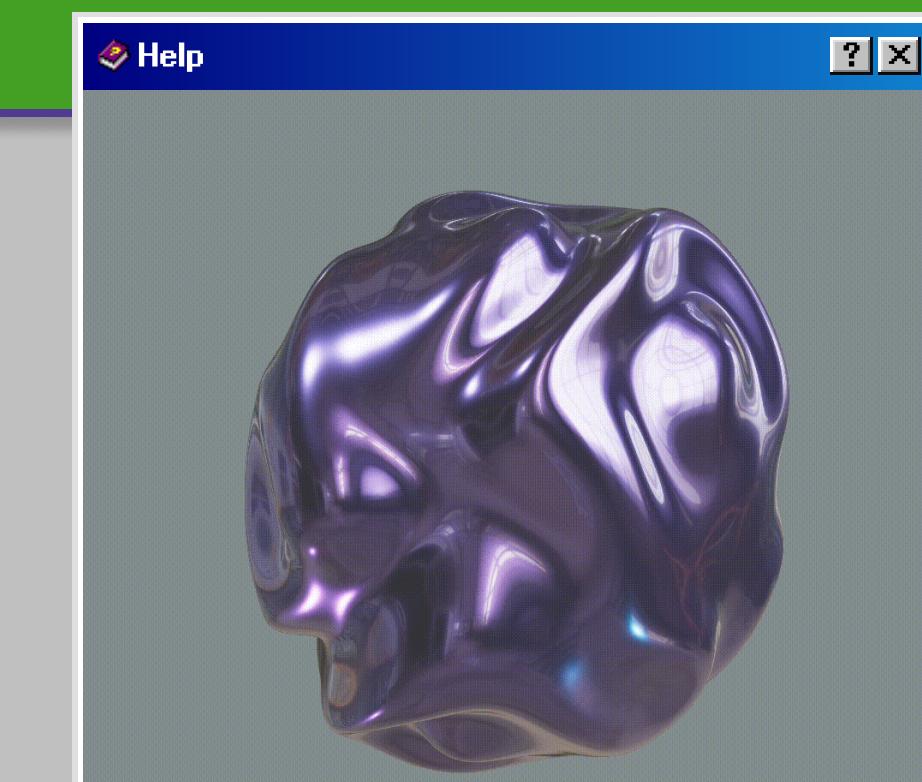

- Bartender

I worked as a bartender for about a year in three different establishments: in a low-budget youth bar, in a family Italian restaurant and in an ordinary beer bar. Working as a bartender, I gained experience of live communication with clients, developed communication skills and became more responsible. And to this day I remain an imbiber and a bar enthusiast.

About me

File View Special

When I turned ten, an older friend wished to be a versatile person. When I found out what it meant, it turned out that the wishes had already come true. Here is a short list of my hobbies in which I have achieved this or that success:

- Engaged in 2d animation – from the technique of shifting to flash animation;
- I was fond of cinematography – I have experience shooting short films as a director, actor, sound engineer and gaffer. Participated in the Mirror of the Future Film Festival and the Boomerangs Forum;
- Played in the theater;
- Participated in the development of the culture of the small peoples of Russia, namely the Nenets Autonomous Okrug;
- I am one of the organizers of the St. Petersburg cell of the international non-profit charity organization Food Not Bombs;
- Taekwon-do up to 5 кгв;
- He studied Piano at a music school, studied guitar and drums on his own;
- I am fond of bar culture and mixology, worked as a bartender;

I also have a dog – an American Staffordshire Terrier named Zen. I teach him commands and tricks, prepare him to participate in exhibitions.
